**RE: FY 2018 Annual TIF Report: Village of Algonquin Redevelopment Plan and
Project Tax Increment Financing – Downtown TIF District,**

Dear Comptroller Munger:

This opinion is being rendered in connection with the above-referenced Downtown TIF District as required by Section 74.4-5(d)(4) of the Tax Increment Allocation Redevelopment Act (65 ILCS 5/11-74.4-1 *et seq.*; hereinafter referred to as the “Act”).

To the best of our knowledge, it is our opinion that the Village of Algonquin (“Village”) is in compliance with the provisions of the Act. In rendering this opinion, we have relied upon representations of the Village with respect to certain material facts solely within the Village’s knowledge. Our opinion represents our legal judgment based upon our review of the law and the facts that we deem relevant to render such opinion and is not a guarantee of a result.

Sincerely,

Kelly A. Cahill

ATTACHMENT D ACTIVITIES STATEMENT

The Village recognizes the need for implementation of a strategy to revitalize existing properties within the boundaries of the Redevelopment Project Area and to stimulate and enhance private development. Private investment attraction and redevelopment of properties are key components of the strategy. The needed private investment may only be possible by the use of tax increment financing (TIF) pursuant to the terms of the Tax Increment Allocation Redevelopment Act Illinois Compiled Statutes, Chapter 65, Section 5/11-74.4-1 et seq., as amended. Incremental property tax revenue generated by redevelopment activities will play a decisive role in encouraging private redevelopment. Site conditions that may have precluded intensive private investment in the past will be eliminated. Ultimately, the implementation of the Redevelopment Plan and Project will benefit the Village and all the taxing districts which encompass the area in the form of a significantly expanded tax base.

The following represents some significant highlights during the reporting period:

Block 1 Redevelopment

The Block 1 Redevelopment project includes the area roughly bounded by Main Street, Algonquin Road, Harrison Street, and Crystal Creek in Algonquin. In the prior reporting period, the Village acquired the parcel(s) located at 101 South Main Street, which is on the southern bank of Crystal Creek. The structure on the said parcel was demolished during the reporting period and is currently being engineered to construct a river walk connection between Towne Park and Cornish Park while also correcting on-going erosion and flooding issues on the 101 South Main Street parcel, as well as the Block 1 parcels. The improvement to the creek flow and capacity will ultimately remove significant portions of Block 1 from the floodplain and allow greater flexibility to manage storm water storage requirements for any future development in the area.

Property acquisition in this area supports project objectives by promoting the redevelopment of existing vacant or underutilized property located within the Redevelopment Project Area and further by providing for the necessary infrastructure and storm water management improvements and upgrades in the area.

Downtown Redevelopment and Streetscape

Significant engineering activities and the commencement of construction for the first phase of the Downtown Redevelopment and Streetscape project were performed during the reporting period. The most notable work performed during this reporting period was in the area of South Main Street between Illinois Route 31/Huntington Drive to the Crystal Creek bridge, just south of Algonquin Road. In February of 2018, construction began transforming Main Street into a beautiful, pedestrian friendly environment while helping to preserve the character and history of the area. This phase of construction will last through the year and include updated utilities, street improvements and enhanced pedestrian amenities. Specifically, electric and telecommunication utilities were relocated from overhead poles/wires to underground, with appropriate service connections made to private property. Other utilities replaced and reconnected include water main and sanitary sewer. This work included the replacement of lead service lines to private property. At the end of the reporting period, most of the utility work was complete, allowing for completion of the street surface which includes wider sidewalks, ADA retrofits, pedestrian crossings and intersection improvements, and finally the replacement of the Crystal Creek bridge.

Secondly, in addition to the engineering oversight and management work related to construction, significant progress was made on engineering design work related to future phases of construction in the

ATTACHMENT D
ACTIVITIES STATEMENT

area. Phase 1 and 2 (preliminary and design) engineering work related to road, water main, and sanitary sewer occurred for Stages One, Two, and Three of the overall project. The additional part of Stage One includes the approximate area of Main Street from the Crystal Creek bridge north to Cary-Algonquin Road. Stage Two includes the approximate area of Harrison Street from Washington Street north to Algonquin Road and certain sections of Algonquin Road, Washington Street, and La Fox River Drive. Stage Three includes the approximate area of North Harrison Street (from Algonquin Road to Brook Street), Front Street, and Edward Street.

Christopher Burke Engineering is performing the engineering work as it relates to the street improvements, Engineering Enterprises Incorporated is performing engineering work related to the water distribution system, and Trotter and Associates is performing work related to the sanitary conveyance system.

At the time of this report, the Village has seen several permit applications for building improvements along South Main Street, in what is hoped to be a long term trend of private investment in the area leveraged with public infrastructure improvement.

These activities support the project objectives of providing infrastructure that is adequate in relation to Village redevelopment plans and coordinate such infrastructure provision with redevelopment activities.

JOINT REVIEW BOARD REPORT**

**TIF Annual Joint Review Board Meeting
2200 Harnish Drive – Ganek Municipal Center
November 27, 2017
2:30 p.m.**

The annual meeting of the Village of Algonquin TIF Joint Review Board was called to order at 2:34 p.m. by Village Manager Tim Schloneger.

Present: Tim Schloneger – Village of Algonquin, Susan Harkin – School District 300, and Sara Murray - Algonquin Library. Also present were Bob Rychlicki from Kane McKenna and Michael Kumbera, Russell Farnum, Katie Parkhurst & Ben Mason from the Village of Algonquin.

Not present: Tony Bellino – Public Member, Elgin Community College District 509, Algonquin Township, Algonquin Township Road and Bridge, McHenry County Conservation District, Algonquin-Lake in the Hills Fire Protection District, and McHenry County.

Susan Harkin made a motion to approve the meeting minutes from November 19, 2015 and November 22, 2016. Sara Murray seconded the motion. The motion carried unanimously by voice vote.

Mr. Rychlicki stated that the Village of Algonquin is required by Illinois law to create the TIF report. The report is filed with the Illinois Comptroller's office and is sent to the affected taxing districts.

Mr. Rychlicki stated that the report is an overview set up into three basic sections: a) a series of certifications, b) report of financing/amendments/redevelopment activities, and c) financial activity. He then highlighted the numbers and activities listed in the report.

Tim Schloneger gave a general update of activities within the TIF district. The Village acquired the property at 101 S. Main Street and will be demolishing the building. The Village is in the process of finalizing a design-build contract for Phase I of the downtown streetscape improvements, which will likely be considered by the Village Board prior to the end of the calendar year.

The Village is fronting the money for these expenditures out of its General Fund/Street Improvement Fund and Water & Sewer Fund, with the anticipation that future TIF revenues will reimburse the funds accordingly.

There being no further comments or questions, the report was accepted by the Joint Review Board.

A motion was made by Susan Harkin and seconded by Sara Murray to adjourn the meeting. The meeting adjourned by voice vote at 2:49 p.m.

INDEPENDENT AUDITOR'S REPORT ON SUPPLEMENTARY INFORMATION

The Honorable President
Members of the Board of Trustees
Algonquin, Illinois

We have audited the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Village of Algonquin, Illinois (the Village) as of and for the year ended April 30, 2018, which collectively comprise the basic financial statements of the Village and have issued our report thereon dated September 14, 2018, which expressed an unmodified opinion.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Village's basic financial statements. The supplementary financial information (balance sheet and statement of revenues, expenditures and changes in fund balance) is presented for the purpose of additional analysis and is not a required part of the basic financial statements. The supplementary financial information is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements.

The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

INDEPENDENT ACCOUNTANT'S REPORT

The Honorable President
Members of the Board of Trustees
Village of Algonquin, Illinois

We have examined management's assertion included in its representation letter dated September 14, 2018, that the Village of Algonquin, Illinois (the Village), complied with the provisions of subsection (q) of Section 11-74.4-3 of the Illinois Tax Increment Redevelopment Allocation Act (Illinois Public Act 85-1142) during the year ended April 30, 2018. Management is responsible for the Village's assertion and for compliance with those requirements. Our responsibility is to express an opinion on management's assertion about the Village's compliance based on our examination.

Our examination was made in accordance with the standards established by the American Institute of Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether management's assertion about compliance with the specified requirements is fairly stated, in all material respects. An examination involves performing procedures to obtain evidence about whether management's assertion is fairly stated, in all material respects. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material misstatement of management's assertion, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Village's compliance with the specified requirements.

In our opinion, management's assertion that the Village of Algonquin, Illinois, complied with the aforementioned requirements for the year ended April 30, 2018, is fairly stated in all material respects.

This report is intended solely for the information and use of the Board of Trustees, management, the Illinois Department of Revenue, Illinois State Comptrollers office, and the Joint Review Board and should not be used by anyone other than these specified parties.
