SUBJECT: Liquor License Fee Reduction Program

---

As requested, the following outlines a proposal for a Liquor License Fee Reduction Program for on-premise consumption license holders for the 2021 renewal period. The Village has offered several programs to help residents and businesses mitigate the impacts of the COVID-19 pandemic, including but not limited to, an adjusted outdoor seating policy (regulations and use of public ROW), facilitation of Federal and State assistance programs (CARES, PPP, etc.), Algonquin Impacted Business Relief Program, water/sewer rate reduction ordinance, flat property tax rate, and others.

**Program Overview:**

The Liquor License Fee Reduction Program would be for the liquor license classes that permit on-premise consumption and held a license in 2020 (see attached detail):

<b>License Type</b>	<b>Number of Establishments</b>	<b>Base Fee per License</b>
A	5	\$2,000
A-1	26	\$1,500
A-3	6	\$1,700
A-4A	1	\$2,000
A-4B	1	\$2,000
F	8	\$900
<b>TOTAL:</b>	<b>47</b>	<b>-</b>

The program is intended to offset applicable costs to operate pursuant to the Restore Illinois plan and would include expenses such as hand sanitizer, personal protective equipment, advisory signs/social distancing decals, and outdoor dining items. To qualify, licensees would have to apply and provide documentation of the expenses incurred from March 1, 2020 to December 30, 2020. If approved, applicants would receive dollar for dollar credit on their 2021 license renewal up to the total amount of their liquor license fee.

Additionally, the program is proposed to provide an auxiliary license credit of \$500 to those businesses (15) who paid such fee in 2020 to serve outdoors. In all cases, the establishment must be current and in good standing with all applicable fees to be eligible for the program.

**Fiscal Impact:**

The total liquor license fees for the applicable classes listed above is \$67,200 (assuming 100 percent participation). This represents approximately 58 percent of the annual revenues for liquor licenses.

**Conclusion:**

If the Committee of the Whole reaches a favorable consensus on this item, staff will work with the Village Attorney's Office to draft an ordinance to permit such a program which will be available for the Village Board's consideration at their meeting on December 15.

SUBJECT: Utilities On-Call Service Truck Purchase

---

The purpose of this memo is to recommend the purchase items for the budgeted vehicle replacement for unit #811 from the water and sewer budget for 2020-21.

There are two expenses in this process. One is the purchase of the truck, the other is the expense for service body and up-fitting of the truck with tools boxes and accessories. Attached are two (2) quotes for these items.

The first item is the purchase of the truck, which is being purchased via the State of Illinois bid process. The bid pricing on the truck (cab and chassis) is \$43,852.

The second item is for the service body and up-fitting costs. The partner we utilize for this is EJ Equipment out of Manteno, IL. This is an industry-trusted vendor with whom we have an excellent relationship. Due to the nature of this work, the limited number of contractors who do this work well, we believe EJ Equipment has the experience and pricing that best serve our needs. The cost of the service body and up-fitting is \$34,074.

This purchase will be replacing vehicle #811 for a total cost of \$77,926 using currently budgeted operating funds. The total budgeted for this replacement was \$80,000.

We therefore recommend purchasing a cab and chassis as noted on the attached specification sheet in the amount of \$43,852 from Sutton Ford of Matteson, IL, and the service body and up-fitting work in the amount of \$34,074 from EJ Equipment of Manteno, IL.

We look forward to your response.

FROM: Robert Mitchard, Public Works Director

SUBJECT: *Resolution 2020-R-30 Sewer Lining Project – Change Order#1*

---

Background:

On June 16, 2020 the Village Board approved a Resolution 2020-R-30 authorizing the Village President to execute an agreement with Visu-Sewer, Inc. in the amount of \$50,521.40. This project was bid as part of the Municipal Partnering Initiative (MPI) and included unit prices for sewer lining and manhole lining for three years. At the time of the original approval, the Village had identified the sewers for lining based on their condition. There were no manholes included at that time as there did not appear to be enough funding to include manholes this year. However, due to the favorable prices received in the MPI process, and that fact that the Village had budgeted \$100,000 this fiscal year for sewer and manhole maintenance work, staff is requesting that a Change Order be approved to include the manhole work. There are 30 manholes, which equal 300 vertical feet of lining required. The as-bid unit price for manhole lining is \$134/VF = \$40,200. These manholes have been identified as high priority as they have significant infiltration and inflow (I/I) which places a heavy burden on pumping and treatment requirements.

Recommendation:

Thus, it is staff's recommendation that the Committee of the Whole recommend to the Village Board approval of Change Order #1 in the amount of \$40,200.00.
